

## PRESIDENT'S MESSAGE

As the season ends, I thought I'd answer some questions from the editor to bring everybody up to speed on our various projects.

**EDITOR:** *What's the latest news about the lakes?*

**PRESIDENT:** Both lakes, as you know, need serious construction work to arrest the increasing erosion problems. Because of the prohibitive cost and the immensity of this task, we have decided to start with the west lake, where the need is greatest. We are currently working out the details with the County and contractors and will keep you informed as we make progress.

**EDITOR:** *How about the pool? We've noticed a lot of activity going on there.*

**PRESIDENT:** Thanks to the continuing hard work of Sharon McCloskey and Steve Lutsk, we will be refurbishing the building at the pool to include a new room for interviews and meetings. This will be a real convenience. In addition, the bathrooms and the whole interior will be redone.

**EDITOR:** *What other improvements should we be aware of?*

**PRESIDENT:** One project we look forward to having done is updating the signs at our north and south entrances. Aside from their questionable 'visual appeal,' there is the matter of changing the name to read, "Delray Villas Plat 2" to finally put an end to the confusion. We're currently moving forward to get all that wrapped up.

**EDITOR:** *Are more people coming to Board meetings?*

**PRESIDENT:** As far as I'm concerned, when more folks come, more of you will have a better idea of the various things we're planning, the decisions we'll need to make, the scope of our tasks and obstacles we come up against as we go along. FYI: Look for our three new, bright yellow signs to be posted at the two entrances and at the pool, reminding you to join us on the day of each meeting. Our meetings will continue through the summer months—on May 23<sup>rd</sup>, June 27<sup>th</sup>, July 25<sup>th</sup> and August 22<sup>nd</sup>. I hope to see as many of you there as are able to come. Our welcome mat is always out.

**EDITOR:** *Any final thoughts?*

**PRESIDENT:** That about wraps it up, except to wish everyone a great summer!

*George Kuhn*

President

### Just to remind you...

The new 2017 Delray Villas Telephone Directory of all five plats will be available to pick up at the next Board Meeting or contact Patricia Pratt at 561-499-3954 to receive your copy if you haven't gotten one yet.

**FOR YOUR SAFETY**  
Carol and Dennis Michalic

**Some tips that can add to your comfort this summer:**

- To stop 'brain freeze': Press your tongue against the roof of your mouth.
- To relieve itching: Put deodorant on a mosquito bite.
- For smoother nail polish application: Refrigerate nail polish for 15 minutes before applying.
- Flattened pillow? Place your pillow in the sun for 40 minutes. The sun will absorb the moisture and plump up the pillow.

**Have a safe, happy and comfortable summer!!**

**The USPS has designated May 21-27 as Mailbox Improvement Week**

Each year, the Postal Service™ designates the third week of May as Mailbox Improvement Week to encourage customers to spruce up the appearance of their mailboxes. This includes replacing peeling numbers and removing extraneous materials like tape, decals, etc. Neat, attractive mailboxes make a significant contribution to the appearance of the community with mailboxes that are approved by the Postmaster General, designed to protect the mail from weather, safe to use, conveniently located, and neat in appearance. So let's remember to do our part!

**A little over two weeks ago, somebody left a set of keys on a table at the pool. So far, no one has come to claim them. If they are yours, please call me at 865-3780. I'm sure you'll be happy to get them back!**

*Sharon McCloskey*

**EVER WONDER?**

**Wendy Karger**

Why do shoelaces come undone when you're running or even when you're taking a brisk walk? Researchers in California have come up with the answer to that long-enduring mystery.

Simply put, like so many other things that droop and flop with continuous use, it's due to the pull of gravity. When a runner's foot hits the ground, the impact creates seven times the gravitational force of your average step. That repeated motion and pounding stretches the knot and, as it loosens, the added inertial force of your swinging legs frees the ends of the laces until, pretty soon, they're flipping around like strands of overcooked spaghetti. Then if you should happen to step on the end of a lace, it gets pulled apart with even greater force (plus you can trip and fall if you're not careful...)

So, what can you do to avoid all of this stretching and loosening? To strengthen the resistance, strengthen the knot. A weak, vulnerable knot is one that typically has one loop pointing toward the toes and the other toward the ankle. Compare that to a stronger (square) knot where the loops point horizontally towards the opposite sides of your sneaker. And if you tie the two loops together into a double knot, you've got double the resistance. And that about ties it up...

## To Your Health Wendy Karger

### A New Leaf

Even though, here in Florida, we wriggle into our bathing suits all year long, there's something about the summer that gets us wondering about how we can shed a few extra pounds. Our New Year's resolutions may have worked for awhile, but that was then...

An article in the *New York Times* Science section (April 4, 2017), examines why it becomes more difficult to lose weight as we get older. Dr. Medha Munshi, a geriatrician and endocrinologist at Beth Israel Deaconess Medical Center in Boston, points out that, beginning in our thirties, even people who remain active will find their diminishing muscle mass is turning into fat. And since muscles use up more calories than fat, it becomes necessary to consume fewer calories just to *maintain* our weight.

Then, as we get older, increasing aches and pains often make us more sedentary, even when we'd rather keep moving. Plus, the natural decline in the levels of estrogen and testosterone tends to compound the problem. So, you see, *it isn't entirely our fault!*

Dr. Leslie Cho, at the Cleveland Clinic's Women's Cardiovascular Center, suggests that instead of obsessing about the numbers on the scale, it should be more "...about healthy eating and lifestyle."

Back to that again... But, these days, eating right to stay fit may not be as boring as we thought. In the summer, you have more fruits and veggies available to play with. And a little imagination can go a long way toward making healthy foods enjoyable.

When it comes to leafy greens, we've all heard about the health benefits until it's coming out of our ears. But it doesn't have to boil down to steaming kale and collards. How about hot and cold soups and smoothies where you'd never suspect that *that's* what you're eating? (In fact, it might just be the kale that is giving such an incredible zing to your fruit smoothie.) And even a salad doesn't have to consist of the same dreary stuff. If you brighten it up with some surprise ingredients, it's no longer "just a salad..."

So maybe we can think of summer as a time to reacquaint ourselves with some leafy old friends and enjoy some exotic new ones. It's all out there, ripe for the picking, so to speak. And Catherine has some colorful, creative suggestions that can make "healthy eating" a joy instead of a challenge.

*"We never repent of having eaten too little." Thomas Jefferson*

**Why does an HDF policy make great sense?**

It's really very simple: a 65-year-old female will pay \$60.00 per month in premium and will be responsible for \$2200.00 Deductible for the HDF Plan. That same female will pay \$237.00 per month in premium for Plan F with no Deductible. As you can see, it makes sense to commit to a lower premium as most healthy people never meet their deductible. I would like the opportunity to explain this product in greater detail.

# *Our Plat 2 Architectural Review Board...*

Architectural review used to be considered a Board function. But, because of new Palm Beach County regulations, the architectural and landscaping oversight team has now become a separate entity whose members are not necessarily Board members. Our new ARB members for 2017 are:

- Jory Siegel (847) 987-1798
- Helen Katz (561)498-8136
- Denise Bellemeur (954) 691-5469

When you want to make an improvement to the outside of your home, you need to first get your plans approved by this group. They will want to know what improvements you plan to make (including but not limited to painting, roof repair, planting trees, extending your driveway, putting in new sliding glass doors, etc.), as well as who the contractors or companies are, and whether they are insured and have good reputations. They will ask you other questions to make sure your plans are up to code and adhere to the most recent county, state and Delray Villas regulations.

When you plan to repaint your home or driveway, the review board will provide you with the choices of agreed-upon colors for our community. When you want to make other improvements which will affect the outside of your home, they will guide you through all the necessary steps to help ensure that you get the desired outcome. So contact them and let them help you realize your "dream house."

Well, the shows have come to an end for the season. We finished on a VERY high note (no pun intended) with what was surely one of the best shows ever. Donald Braswell put on a most unforgettable performance. Unfortunately, the turnout was disappointing but the loss was on those who did not attend for whatever reason, they did not experience his performance. He took us in so many directions thru his music and impersonations it was truly uplifting. He was a better Elvis than Elvis, a most incredible Phantom which left everyone on their feet cheering. The audience was wooed by his interaction with them, during and after the show. He WILL be back by popular demand in February.

**REMINDER: PROPER ATTIRE IS REQUIRED AT ALL SHOWS. NO SHORTS ALLOWED!** (Admittance will be denied if proper attire is not worn.) **PLEASE:** So that our allergy and asthma sufferers can breathe easier, we ask you also refrain from wearing perfumes and colognes at our shows and parties. **PLEASE:** Check with the people who share your table whether they have allergies to peanuts, this is a real problem and appears to be growing.

**PLEASE REMEMBER TO BRING A JACKET OR SWEATER!!**
